Echo360 Engage and Moodle - Instructions for Non-Saturn modules (Pure)

Non-SATURN modules

Non-SATURN modules are not automatically linked to the Echo360 Engage system so please email the following information to engage@nottingham.ac.uk so that the Echo360 Engage module can be set up for you:

Module short name
Course/Module Name

A list of tutors on each course including
Username:
First name:
Surname:
email address:

When you receive a confirmation that they have added the module to the Echo360 Engage system, you can start recording.

To find the Module short name:

Log on to your Moodle course and locate the Module short name

- Log in to Moodle
- From Navigation select the Module you wish to use
- Go to Administration and click Edit Settings
From the Edit Module Settings screen copy the **Module short name**. 

You will need to click and drag across the text to fully select it.
• Block settings explained
• How to add a block
• How to add a custom block (e.g., Favourites or Bookmarks) to your 'Dashboard' or module page
• How do I add a reading list to my module?
• How to move or customise the location of blocks
• List of Moodle Blocks
