Using tags to connect content

Tags allow students and teachers to connect different types of content on the site.

The following areas may be tagged:

- Courses
- Activities and resources
- Forum posts
- Database entries
- Glossary entries
- Books (teachers only)
- Quiz questions
- Wiki pages
- Blog posts (including external blog posts)
- User interests (displayed on your full profile page)

See Using tags (on the moodle.org site) for more details.

Tags may be browsed or searched via the Tags site page or browsed via the Tags block or Blog tags block.
