Peer Mentoring in the School of English

The School of English Peer Mentoring Scheme allows second and final-year students to act as mentors to new students. Mentors help first-year students to adjust to life at Nottingham, provide advice about University-level study and help the students to access support if needed. You meet regularly with your mentees in the Autumn semester (talking face-to-face and via email and social media, where appropriate) and on a more informal basis in the Spring semester. Further details can be found on the School of English webpages.

Peer Mentoring Student Agreement

Before you can become a peer mentor, you must attend an informal induction session, organised by the Peer Mentor Coordinator. In this session, you will also be given the Peer Mentoring Student Agreement, which you sign and return to the School if you would like to become a mentor in the next academic year.

An example of the agreement can be found here: Peer Mentoring Agreement

Nottingham Advantage Award

As a peer mentor, you can also qualify for the Nottingham Advantage Award. This is an accredited qualification that demonstrates your involvement in extracurricular activities. You receive this award when you graduate. For more information on this scheme, you can:

- Look at the dedicated Moodle page for Peer Mentoring Advantage Award Module
