

How to exclude University of Nottingham papers from a TurnItIn Originality Report

Moodle Help & Support (Staff)

This refers to Moodle 3.6 from July 2019 onward.

Occasionally students may submit work via TurnItIn that includes text from previously submitted pieces. Here's how to prevent any found matching text from affecting their TurnItIn Originality Report:

In the Moodle module, click on the Turnitin assignment to access the Turnitin dashboard.

Find the student with the multiple submissions and click on their Similarity block to access their Originality report. You can also access it from the **Feedback studio**.

Submitted	Similarity	Grade
21/09/15, 15:12	100% 	-/100 

Feedback studio

Select the source you wish to exclude (e.g., *Submitted to University of Nottingham*) by clicking on the arrow within the circle found next to the source.

The screen will update. Click on the button marked **Exclude Sources**.

Next, choose the submitted work that you wish to exclude. Then, click on the button marked **Exclude**.

The originality report will now update to indicate that the selected papers are no longer included in the text search.

You can access your **Excluded sources** by clicking on the **No entry icon**.
