Echo360 Engage and Moodle - Instructions for non-Campus modules

Moodle Help & Support

Modules that are not Campus Solutions coded

Modules that are not in Campus Solutions (My Nottingham) are not automatically linked to the Echo360 Engage system so please email the following information to engage@nottingham.ac.uk so that the Echo360 Engage module can be set up for you:

- Module short name
- Course/Module Name
- A list of tutors on each course including
  - Username:
  - First name:
  - Surname:
  - email address:

When you receive a confirmation that they have added the module to the Echo360 Engage system, you can start recording.

To find the Module short name:

Log on to your Moodle course and locate the Module short name

1. On your Moodle page, click on the 'Cogwheel' icon and select 'Edit settings'

2. From the 'Edit Module Settings' screen copy the "Module short name". ☛ You will need to click and drag across the text to fully select it.
