How can I change the order of the modules on my Dashboard?

This refers to Moodle 3.8 from September 2020 onwards

Moodle Help & Support

It’s no longer possible to re-order the modules on your Dashboard.

You can now

- Star Modules (favourite them) and
- Remove modules from your view*

*Note that Remove modules from your view does not unenroll you. You can still access the modules, you are simply removing them from your main Dashboard list.

You can sort and filter in various new ways.
